NATO: Rethink, Realign, React - Tackling Security Challenges Together

Friday 10 June 2016 | Institute of International Relations and Political Science (IIRPS VU), 402 aud., Vokiečių str. 10, Vilnius

Organized by | The Foundation Institute for Eastern Studies, IIRPS VU and Centre for Geopolitical Studies

In July 2016, Warsaw will host NATO Summit and therefore we believe that it is highly important to discuss expectations which NATO nations have and challenges that NATO members and the Alliance experience. The discussion will be followed by the presentation of the publication on the most pressing issues affecting the Alliance at present and the Euro-Atlantic security in general. The publication has been published as a part the project entitled "NATO: Rethink Realign React. Tackling security challenges together". The project has been supported by the Polish MFA Program: "Cooperation in the field of public diplomacy 2016".
